180 DEGREES BRITTANY'S PLACE

IMPACT REPORT.

JULY 2025 – JUNE 2026

ABOUT BRITTANY'S PLACE

Since opening in 2014, Brittany's Place has provided more than 2,000+ Minnesota girls with safety, shelter, and healing from sex trafficking. Brittany's Place is the first, and still largest, program of it's kind in Minnesota and has expanded to include an on-site transitional living program and an off-site transitional residence.

SAMMY WAS JUST 15 YEARS OLD WHEN SHE CAME TO BRITTANY'S PLACE.

"Brittany's Place helped me piece my life back together. My dreams felt reachable."
- Sammy, 15 years old

Because of the generosity of donors like you, Sammy has a future full of hope, dignity, and courage. Sammy came to Brittany's Place after what had started as a friendship turned into exploitation and trafficking. Already separated from her parents, the foster system was unable to provide the help she needed.

Brittany's Place offered her the stability she needed to heal and grow. Your support ensures that girls like Sammy are met with not just a safe place to sleep, but three meals a day, mental health support, on-site support groups, and more.
